

05-05-09

Dear Janey, Mike & Family,

Thanks for the newsletter. I am glad to know how God has placed His blessings on your efforts in business.

Speaking for myself, I feel that God has blessed me by allowing me to be a recipient of your services for these many years. Never have I been disappointed in the service you have provided. That includes excellent toilets when I know that it may not have been convenient to deliver when I requested. You've never let me down. I also remember a time when vandalism made it necessary to have service on Christmas Eve day after you were already closed and ready to leave town for your holiday. Mike graciously came to my rescue and came back to clean and service my facility.

Also, I so very much appreciate your excellent septic tank cleaning service, which I have called on you for as well as coming out on occasions to service my son's R.V.

The Woods family (Tidy Toilets) has truly been a great friend to me and my business. Words are insufficient so I'll just say THANKS! and may God continue to reward your efforts to serve others.

Yours Truly,
Fat Man's Fireworks
Johnny Brandon
